

CRAZY C

(Save Our Sound)

Born and raised in Florence, Crazy C developed a deep passion for music from an early age, influenced by his father's love for vinyl and the raw sounds of house music. At 16, he had his first encounter with electronic music at the legendary Tenax Club, an experience that sparked his journey into the underground scene. Over the years, Tenax became the place where he refined his style and developed a unique vision of club culture.

At 24, in search of fresh inspiration and artistic growth, he made the bold move to Copenhagen. There, he immersed himself in the city's vibrant rave culture, embracing new genres like trance and breakbeat while expanding his creative approach. It was in this dynamic environment that he met Sosten, leading to the birth of The Curious Incident, a duo that further shaped his artistic identity. Around the same time, he joined the Save Our Sound collective, opening doors to new explorations in electro, EBM, and new wave.

Throughout his journey, certain places have left a lasting mark on him: Club der Visionaere, Jolene Club, The Magik Bar, Fvtvristica, and Buena Onda.
